INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Kannapolis Directory since 1950), presents to subscribers and the general public, this, the 1962 edition of the Kannapolis City Directory, which also includes China Grove, Landis and Rural Route Residents.

Confidence in the growth of Kannapolis' industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Kannapolis to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Kannapolis Directory will fulfill its mission as a source of authentic information pertaining to the community.

Five Major Departments

The five major departments are arranged in the following order:--

I. THE BUYERS' GUIDE constitutes the first major department, printed on goldenrod paper, and contains the advertisements of leading manufacturing, business and professional interests of Kannapolis. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Kannapolis, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

II. THE CLASSIFIED BUSINESS DIRECTORY is the second major department, printed on canary paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such, it plays an important part in the daily activities of the commercial, industrial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

III. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the third major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Kannapolis, and the name, official personnel, nature and address of each firm and corporation in the communities.

IV. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the fourth major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

V. THE NUMERICAL TELEPHONE DIRECTORY is the fifth major department, printed on blue paper, showing a section for Kannapolis followed by a separate section for China Grove and Landis.

799180

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Kannapolis and vicinity.

The Kannapolis Out-of-Town City Directory Library

Through the courtesy of the publishers of the Kannapolis City Directory, a Directory Library is maintained in the offices of the Kannapolis Merchants Assn. Inc., for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in the chief cities and towns of the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with the assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

General Review

Kannapolis—translated from the Greek meaning “Loom City”—is situated in the heart of the industrial Piedmont Section of North Carolina in the Southern part of Rowan County and the Northern part of Cabarrus County—803 feet above sea level.

The late Mr. J. W. Cannon, founder of the Cannon Mills Co., purchased 600 acres for the Kannapolis site in 1905, began the construction of houses in 1907. Production at Plant No. 1 was begun during 1908.

Kannapolis has 340 retail firms. Effective purchasing power of Cabarrus County compares favorable with state and national averages.

The people here are church-goers. They make up 80 congregations.

Trinity Methodist Church, built at a cost of approximately half-million dollars in 1954-1955. It is one of the many churches serving residents of Kannapolis.

W. J. Bullock Physical Education Building. This is one of the finest High School Gymnasium buildings in North Carolina.

They have a keen civic spirit, working through such organizations as the Masons, Odd Fellows, Woodmen of the World, Red Men, Patriotic Order Sons of America, Junior Order United American Mechanics, Business Men's Club, Junior Chamber of Commerce, Rotary Club, Lions International, Pilot Club, Optimist, Credit Women's Breakfast Club, American Legion and Veterans of Foreign Wars and their auxiliaries, War Dads, War Mothers, Boy Scouts, Girl Scouts, Independent Student Aid Association, Red Cross, Moose Lodge and dozens of fellowship clubs for all ages.

Cannon Memorial Y. M. C. A. center of social and religious life in Kannapolis, N. C., named in memory of the late James Wm. Cannon, founder of Cannon Mills.

The heart of the community is the Cannon Memorial Y. M. C. A., which claims one of the largest memberships under one roof in the world-wide organization. The rolls list the names of approximately 10,000 men, women, boys and girls.

It operates in a Colonial-style structure that cost \$500,000 in the years before World War II, when money went much farther than it goes today. Facilities include two large gymnasiums, three kitchens, a library that ranks with the finest in North Carolina, a spacious swimming pool, a health club, handball and volleyball courts, bowling alleys, billiard and tennis tables and numerous club and conference rooms.

A. L. Brown High School. This is the Senior High School with approximately 800 boys and girls enrolled which includes complete vocational training. (Approximately 5,500 students are enrolled in all the city schools).

Kannapolis' public schools bow to none in North Carolina. Enrollment is a record 5,600 boys and girls.

A. L. Brown Senior High School is known widely for its diversified courses, offering: The prescribed academic studies, home economics, vocational courses, art, dramatics, music, debating, journalism, physical education and Bible.

The public school music program begins in the first grade and extends through senior class.

Kannapolis' key industry is the Cannon Mills Co., the world's largest manufacturer of household textiles—towels, bath mats, wash cloths, dish towels, sheets and pillowcases, also nylon stockings.

The town has been developed around the Cannon Mills.

The village mushroomed.

Mr. Cannon, whose dream was a model textile city built around a booming industrial plant, contributed land and funds for construction of churches and schools.

He made, back in 1898, the first hand towel manufactured in the South, and by the time he died in 1921, Cannon towels had become nationally-famous.

After the founder's death, his son, Charles A. Cannon, became chief of the vast industry, and developed a textile trade far beyond his father's fondest hopes.

The Cannon organization now employs approximately 15,500 men and women. Thousands of these workers have service records extending from 10 to more than 60 years. Those who have been with the company 25 years or longer are entertained at loyalty banquets each autumn.

Charles A. Cannon, like his father, had dreams of a model manufacturing town—a beautiful town to which North Carolinians could point with pride.

In 1937, the fiftieth anniversary of the company, he launched a gigantic, multi-million-dollar construction and remodeling program. This expansion, interrupted by World War II, is still in progress.

Mr. Cannon was impressed with the manner in which historic Williamsburg, Va., had been rebuilt, and he engaged the C. E. Swanson Associates, Chicago architects, to survey Kannapolis' business district and draw plans to be used in the long-range construction program.

A result has been a transformation of the downtown district into Colonial-type architecture.

Aerial view of business district and Cannon Mills, Plant 1, Kannapolis, N. C.

Little Mt. Vernon in the City Park is a memorial to the more than 4,000 local men and women who served in the Armed Forces during World War II.

Mary Ella Hall, named in honor of the wife of the "Towel City" founder, is one of the buildings housing employees of Cannon Mills.

CHINA GROVE, NORTH CAROLINA

China Grove is one of North Carolina's oldest towns, being incorporated in 1889.

Population—1,600.

The first Rural Mail Delivery in North Carolina was made from the China Grove Post Office, October 23, 1896.

Location—China Grove is located on U. S. No. 29 and 601. Its main industry is textiles.

China Grove has four fine civic clubs: The Rotary Club that meets each Tuesday, 6:15 P. M. at Millers Hotel; The Civitan Club that meets the second and fourth Monday, 6:30 P. M. at Millers Hotel; The Lions Club that meets the second and fourth Friday, 6:30 P. M. at Millers Hotel; the Womans Club that meets the fourth Monday in each month at 7:30 at the Community Building.

There are one or more churches of each denomination in China Grove.

LANDIS, NORTH CAROLINA

History—Incorporated in 1901.

Government—Mayor, Board of Aldermen and Police Department.

Population—2,600.

Climate—Located in the famous Piedmont section of North Carolina, Landis has a temperate, ideal, year round climate.

Churches—Church of God, Evangelical and Reformed Church, Landis Baptist Church, Landis Methodist Church, Landis Tabernacle, and Trinity Lutheran.

Civic Clubs—Landis Lions Club and Landis American Legions.

Fire Protection—Highly efficient volunteer fire department.

Education—One of the largest and best equipped consolidated schools in North Carolina. The city supplements the county and State funds.

Utilities—The town of Landis owns and operates the power supply and the water system. Water is supplied normally from two artificial lakes and the third lake is available for emergency use. A modern dial telephone exchange provides adequate and efficient communication to all parts of the world. Natural gas is piped into Landis and is available at attractive rates.

Industry—Two yarn manufacturing plants. Employing 900 people. Equipped with 40,000 spindles. Produce approximately 25,000 pounds of fine knitting yarn per week. Two feed mills supply the area with ground feeds.

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

## *Please!* Do Not Lend Your CITY DIRECTORY

**IT COSTS YOU MONEY — Every Time it Is Loaned**

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

**THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.**

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100th PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000th PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

## Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

## Don't Contribute to Counterfeiters KNOW YOUR MONEY!

## Don't Be Fooled by Forgers KNOW YOUR ENDORSERS!

The Government never redeems counterfeit money!

1. **KNOW YOUR MONEY!** Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.

2. **COMPARE** a suspected bill with a genuine of the same type and denomination. Observe these things:

**PORTRAIT** *Counterfeit*—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.

*Genuine*—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.

**COLORED SEAL**

*Counterfeit*—Saw-tooth points around rim are usually uneven, broken off.

*Genuine*—Saw-tooth points around rim are even and sharp.

**SERIAL NUMBERS**

*Counterfeit*—Poorly printed, badly spaced, uneven in appearance.

*Genuine*—Figures firmly and evenly printed, well spaced.

**PAPER**

*Counterfeit*—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.

*Genuine*—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.

3. **RUBBING** a bill on a piece of paper will *not* prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.

4. **CONSULT** an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.

5. **REMEMBER, NOT ALL STRANGERS ARE COUNTERFEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.**

This information is reprinted from the U.S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10¢ each, or \$7.50 per 100 from the Superintendent of Documents, Government Printing Office, Washington, D.C.

Directory of Householders, Occupants of Office Buildings and  
Other Business Places, Including a Complete  
Street and Avenue Guide

## 1962

Including China Grove and Landis

Copyright, 1962, by Hill Directory Company

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both side of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names. Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc. does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.)

## Know Your Endorser

• The United States Secret Service has launched a "KNOW YOUR ENDORSER" campaign against check forgery to supplement its highly successful "KNOW YOUR MONEY" drive, which, over a period of six years, reduced the amount of counterfeit money in circulation by more than 97 per cent.

We can all cooperate in this long-pull educational program and thus eliminate the market for forged checks by making it dangerous and unprofitable for forgers to operate. Here are a few simple rules for those who cash checks and those who get them cashed.

### If You Cash Checks for Others

1. DEMAND PROPER IDENTIFICATION. Remember that lodge cards, Social Security cards, auto licenses, letters and the like can be forged and stolen. A forger's credentials are often forgeries themselves. Proper identification can best be determined by asking yourself this question: "IF THIS CHECK IS RETURNED, CAN I FIND THE PERSON WHO GAVE IT TO ME?"
2. Always demand that the person cashing the check endorse it in *your presence*. Even though the check has been endorsed, insist that he endorse it again.
3. Do not cash checks that show any alteration of their face. Altered checks are usually forged checks.
4. If you are an employer and more than one employee of yours is empowered to cash checks, be sure that they initial every accepted check so that you can identify the person who cashed it.
5. You can safeguard your merchandise, your cash, and your profits from check forgers by following these simple rules every time you cash a check. Make these practices routine. Remember you lose if you cash a forged check.

### If You Get Checks Cashed

1. BE SURE some member of the family is at home when checks are due to be delivered. Get the check as soon as it arrives.
2. PRINT your name clearly on your mail box. EQUIP your mail box with a lock if you have not done so.
3. CASH your checks in the same place each month. This will make identification easier.
4. DO NOT ENDORSE your check until you are in the presence of the person you will ask to cash it.

## Out of Sight--Out of Mind ☆ Out of Business ☆

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

**The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.***

## ADVERTISING PRINCIPLES

1. Good Advertising — aims to inform the consumer and help him to buy more intelligently.
2. Good Advertising — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
3. Good Advertising — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
4. Good Advertising — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.
